

DR PUNEET AULAKH POONI

ASSOCIATE PROFESSOR

Dr Puneet Aulakh Pooni did her MBBS and MD from DMCH and presently working as Associate professor of Pediatrics. She was declared the second best graduate in MBBS and won distinctions in various subjects. Her main area of interest is pediatric intensive care and was instrumental in establishing PICU in DMC in 1999.

Dr Puneet was awarded visiting fellowship in pediatric intensive care by Royal college of Pediatrics and Child Health, London UK. She worked as honorary fellow in PICU at Royal Alexandria hospital, Sydney Australia. She has many international and national publications including chapters in books and has presented papers in international and national conferences particularly related to pediatric critical care at World congress at USA, UK and Switzerland etc.

She is a master trainer of “Asthma training” and “Respiratory tract infections” modules of IAP. Dr Puneet is also PALS instructor and holds BLS and other workshops for medicos in Punjab. She is the founder secretary of Intensive care chapter of Punjab State Branch and also life member of societies like international critical care medicine etc.

She is happily married to Dr Daljit Singh Pooni, CMO at PAU Hospital, Ludhiana and is blessed with two lovely children.
