TEN PRINCIPLES OF ARYA SAMAJ

- God is the ultimate source of all true knowledge and of the objects that are known by its means.
- God is existence, intelligence and the Sat-Chit-Anand. He is formless, almighty, just, merciful, unborn, infinite, unchangeable, beginningless, incomparable, the support and Lord of all, all pervading, omniscient, imperishable, immortal, exempt from fear, eternal, holy and the Maker of the Universe. To Him alone worship is due.
- The Vedas are books of true knowledge. It is the paramount duty of all Aryans to read them and to teach them, to hear them, to read and to read them to others.
- We would always be ready to accept truth and renounce untruth.
- All actions should be done in conformity with Dharma after due consideration of right and wrong.
- The primary aim of the Arya Samaj is to do good to all mankind i.e. to promote their physical, spiritual and social welfare.
- We should treat all people with affection and justice and with due regard to their merits.
- We should aim at dispelling ignorance and promoting knowledge.
- No one should remain satisfied with his own welfare. He should regard his welfare as a part and parcel of the welfare of all.
- In matters which affect the well-being of all, a person should give a subordinate place to his likings. In matters which affect him alone, he is to enjoy freedom of action.

VISION AND MISSION OF THE MANAGEMENT

- To be a model of excellence in healthcare, medical education and research.
- To provide medical care with compassion and competence.
- To deliver highest standards of education in medical and allied fields.
- To continuously strive for quality improvement.

MESSAGE FROM THE MANAGING SOCIETY

Dayanand Medical College & Hospital is an NABH accredited, non-aided and not-for-profit charitable institute. It is registered under the Societies Registration Act, 1860 and is managed by Dayanand Medical College & Hospital Managing Society. DMC&H is one of the largest hospitals in India, our Medical College being ranked amongst the top Medical Colleges in the country by various surveys over the past many years. In effect, we are the most coveted Medical College in Punjab.

DMC&H was conceived in a rented building as Ludhiana Medical School in 1934 by late Dr. Banarsi Dass Soni, Ex Cap. I.M.S. with the noble idea of providing medical care to the community. While the name was later changed to Arya Medical School, and thereafter to the present DMC&H, the spirit of serving society continues till today. From a rented building in 1934 to our current 72 acre facilities, it has been a dream journey. Be it our sprawling College campus, or fully equipped 1625 bedded Hospital, or College of Nursing, besides our satellite units in rural and urban areas, we are the preferred destination for students as well as patients from far flung areas. We are now a full-fledged Medical College and tertiary care Teaching Hospital, with the vision to be a model of excellence in healthcare, medical education and research. Our 1625 patient beds are supported by a staff of 5200 employees including 600 doctors, treating more than 4000 outdoor & 1000 indoor patients daily by state of the art equipment in the diagnostic services. We are dedicated to provide medical care with compassion & competence and to deliver highest standards of education in medical and allied fields. Hospital information system (HIS) connects all the hospital campuses and health centers across the city.

Dayanand Medical College is running MBBS, Postgraduate (Broad/Super Speciality), fellowship programs, M.Phil. (Clinical Psychology), Ph.D. (Public Health – Neurosciences), B.Sc. and M.Sc. (Nursing), NPCC and various Paramedical Degree & Diploma courses. Admissions in all courses at this college are done on the merit-base, through Baba Farid University of Health Science / Medical Counseling Committee.

We have well equipped specialized units like Hero DMC Heart Institute dedicated to patients with cardiac diseases and DMC&H Cancer Care Centre for patients with cancer diseases; Department of Critical Care Medicine for special treatment to the critically ill patients; Genetic Laboratory; IVF Centre; and Renal Transplant Unit. The Research & Development Centre actively supports our research activities by providing one stop solution for the research and dissertation requirements of students.

The institute provides subsidized treatment to patients with Cancer, Thalassemia, Cardiac & knee replacement surgery and to those who need financial support. About 80% of the patients came to our hospital from rural areas or economically weaker sections of society. Our Rural and community outreach programs serve the people in rural and slum areas by providing specialist care at highly subsidized treatment (including investigations) to them. Good quality medicines are provided at the lowest cost to the patients through our chain of Pharmacy outlets at the hospital and health centers.

Wishing all students a memorable stay at this institution and best of times ahead. For us, as we complete 100 glorious years in 2034, the journey has just begun !!

We were one of the first few medical colleges to get NABH accreditation which we have maintained. In the last year 2023 we served more than 10 lakh patients in the OPD and around 1 lakh patients were admitted in the hospital. 27,000 surgical procedures were done. All high-end equipment's including digital Cath labs (3 in number), 2.5 Tesla MRI, PET Scan, 256 slice CT scan, next generation sequencing genetic lab, high end auto analyzers, fibro scan, video EEG, endoscopic ultrasound (EUS), sleep lab etc. are available.
