FCCS Course

Fundamental Critical Care Support Course was developed under the auspices of Society of Critical Care Medicine, USA by multidisciplinary educators in the fields of Anesthesiology, Emergency Medicine, Internal Medicine, Nursing Pediatrics and surgery. The FCCS course is an international course being conducted in 25 countries all over the world since 1995 under the license from SCCM. The FCCS course is a standardized two –day course providing critical care information to those specialists who have no formal training in critical care medicine. The course consists of standardized 16 lectures referenced to syllabus material plus 7 interactive skill stations and pre & post assessment test. Individuals who successfully complete the provider course will receive a certificate of successful completion from Society of Critical Care Medicine, USA.

FCCS Provider Course Objectives

- Prioritize assessment needs for the Critically ill Patients.
- Identify appropriate diagnostic tests for the Critically Ill Patient
- Identify and respond to significant changes in the unstable patient.
- Be able to recognize and initiate Management of Acute Life Threatening Conditions.
- Recognize the need for patient transfer and prepare the practitioner for optimally accomplishing that purpose.

Who should attend FCCS provider course?

- Primary care physicians
- Emergency medicine physicians.
- Nurses
- Critical Care Fellow beginnings their training
- Residents in training
- Physicians assistants
- Pre-hospital providers with lengthy patient transfer.
