## **TEN PRINCIPLES OF ARYA SAMAJ**

- God is the ultimate source of all true knowledge and of the objects that are known by its means.
- God is existence, intelligence and the Sat-Chit-Anand. He is formless, almighty, just, merciful, unborn, infinite, unchangeable, beginningless, incomparable, the support and Lord of all, all pervading, omniscient, imperishable, immortal, exempt from fear, eternal, holy and the Maker of the Universe. To Him alone worship is due.
- The Vedas are books of true knowledge. It is the paramount duty of all Aryans to read them and to teach them, to hear them, to read and to read them to others.
- We would always be ready to accept truth and renounce untruth.
- All actions should be done in conformity with Dharma after due consideration of right and wrong.
- The primary aim of the Arya Samaj is to do good to all mankind i.e. to promote their physical, spiritual and social welfare.
- We should treat all people with affection and justice and with due regard to their merits.
- We should aim at dispelling ignorance and promoting knowledge.
- No one should remain satisfied with his own welfare. He should regard his welfare as a part and parcel of the welfare of all.
- In matters which affect the well-being of all, a person should give a subordinate place to his likings. In matters which affect him alone, he is to enjoy freedom of action.

*DMCH extends a warm welcome to the students entering the new academic year. We hope that the unique learning experience and ambience at DMCH will unlock potentials and help you achieve your dreams. We wish you the very best.*

## **Introduction:**

- A devoted personality, *Dr. Banarsi Dass Soni, Ex. Capt. I.M.S.*, with a missionary zeal for medical education and patient care, conceived the noble idea of providing the much-needed medical care to the general public.
- This bloomed in the form of Arya Medical School in 1934. It was started in a rented building in Civil Lines, Ludhiana and admission was limited to only 20 students.
- The Medical School was recognized for Licentiate of State Medical Faculty (LSMF) in 1938 and also for the running hospital attached to it. The following year, the Managing Body decided that the Ludhiana Medical School should, in future, be called “Arya Medical School” and the hospital attached to it “Dayanand Hospital”.
- In 1964, consistent with the policy of the Government, Arya Medical School flowered into a full-fledged MBBS College, which came to be known as 'Dayanand Medical College.' The management of this college was taken over by a galaxy of prominent people of Ludhiana, who formed an organization known as the “Managing Society of Dayanand Medical College & Hospital, Ludhiana”, and Late Shri H.R. Dhandra, a prominent industrialist of the town, became its Founder-President.
- The College has come a long way, retaining its unique character, still marching ahead with the times and is upgrading itself dynamically in all its fields of activities. The institution has been rated among the top 25 medical colleges of the country and has been declared by CII Lombard to be among the top 10 multi-speciality hospitals in the country.
- In the year 2006, DMCH reached a new dimension with the introduction of superspeciality courses in Cardiology, Gastroenterology and Plastic Surgery first in the state. Today, besides running MBBS and MD/MS courses in 19 specialities, the institution offers 4 Diploma Courses, 8 DM/MCh and 23 BSc/Diploma Paramedical courses.
- In 2016, the MBBS Seats increased from 70 to 100 per year (LOP Received)
- **DMCH is among the five NABH accredited Medical Colleges in the country and first in North India.**
- Hero DMC Heart Institute, a unit of DMCH is a renowned centre for tertiary level cardiac care providing all types of interventional and surgical procedures did largest number of procedures for congenital heart disease under NHRM.
